

# Finding Services

The Hauora Wellness Plan uses [HealthPoint](#), the national health directory to make it easier to find support service across Aotearoa.

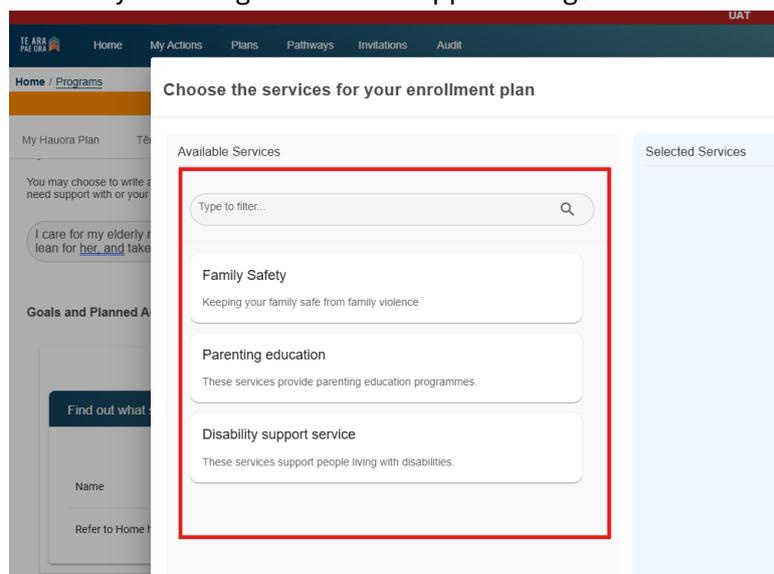

## Find support services

For each section of Hauora, you can view support services listed on the service directory that may support the goals of the person.

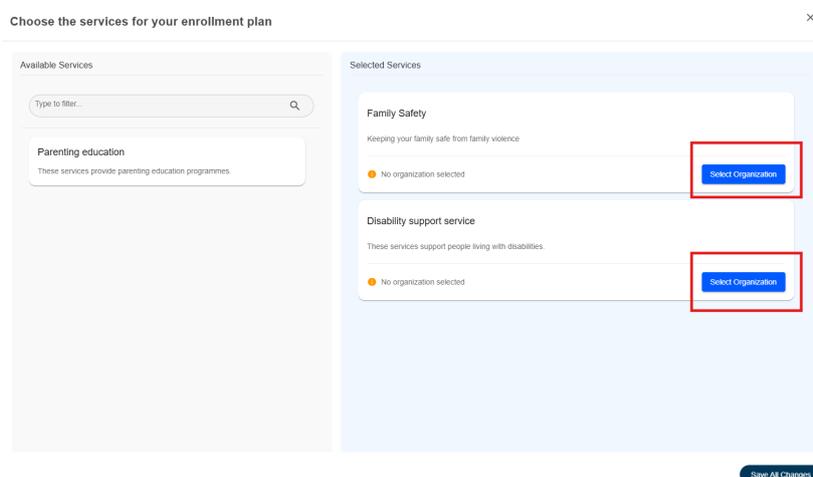

To view available services, select 'See more services'

Next, refine your search by selecting all relevant support categories

To view the services available under each support category, click 'Select Organisation'

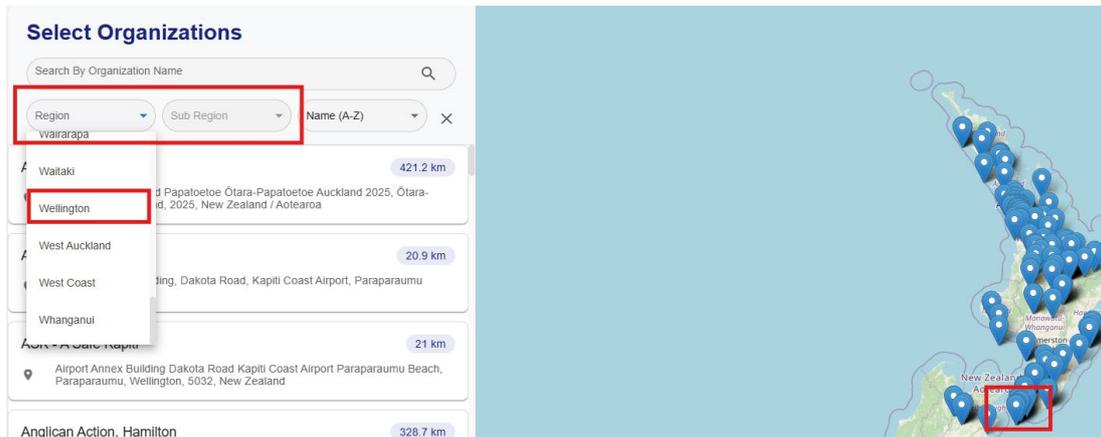

For support or more information, visit [www.tearapaeora.nz](http://www.tearapaeora.nz) or contact [help@tearapaeora.org.nz](mailto:help@tearapaeora.org.nz)

## Filter Services

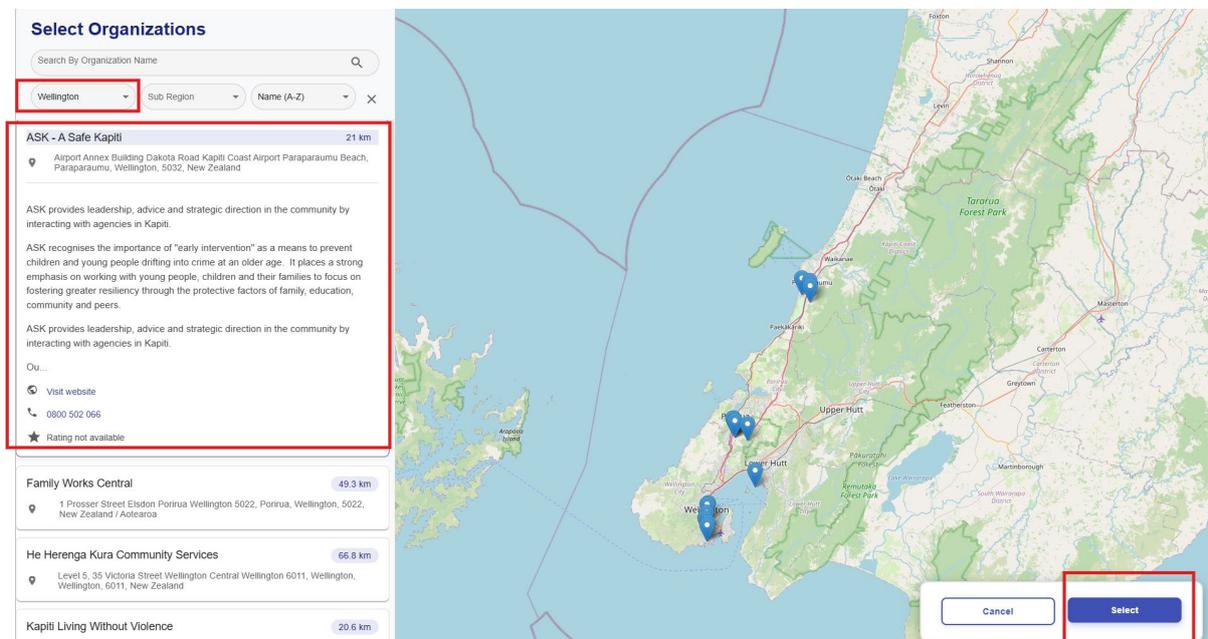

Services will be listed alphabetically by default.

Filter the service list using the region filter, selecting a pin on the map or by searching for an organisation directly.

## Selecting Services

Click on the pin on the map, or the organisation name on the left to view more information about that organisation, including service summary and contact details.

If a service looks useful, click 'select'

! If you do not want to select a service, unselect the support category, by clicking the 'X'

Choose the services for your enrollment plan

Available Services

Type to filter...

**Parenting education**

These services provide parenting education programmes.

Selected Services

ASK provides leadership, advice and strategic direction in the community by interacting with agencies in Kapiti.

ASK recognises the importance of "early intervention" as a means to prevent children and young people drifting into crime at an older age. It places a strong emphasis on working with young people, children and their families to focus on fostering greater resiliency through the protective factors of family, education, community and peers.

ASK provides leadership, advice and strategic direction in the community by interacting with agencies in Kapiti.

Our goals include:

- To reduce youth offending by providing services for young people at risk
- To support at risk families and reduce family violence
- To facilitate inter-agency based projects and advisory groups aimed at increasing community safety and wellbeing

[Change Organisation](#)

**Disability support service**

These services support people living with disabilities.

● No organization selected

[Select Organization](#)

[Save All Changes](#)

Once finalised, click **'Save All Changes'**

The selected service will now be listed in hauora plan summary, with a link to the organisation website.
